

**Our souls will provide the sunshine; our gifts will provide the water**

Rise and shine for WSDAR! Your State Society's historic property needs log replacement and chinking to preserve our past. The price tag of the project is \$250,000 over the next three years and cannot be accomplished without your support. The Fort Winnebago Surgeons Quarters Committee is grateful for your consideration and commitment.

***Yes, we can do this! I am willing to contribute to the log cabin project and preserve its future!***
